To the people of New Mexico, Arizona, western Texas, and of the State of Chihuahua, in the Republic of Mexico.

Whereas, all of the citizens of the above states are actively interested in the irrigation industry, and are in a large measure,

dependent upon irrigation for the development of their agricultural resources; and

Whereas; a large proportion of the people in the Territory of New Mexico, of the western portion of the State of Texas, and of the northern portion of the State of Chihuahua are largely dependent upon the Rio Grande river for their water supply for irrigation purposes; and

Whereas; the greater portion of the water of said river passes away during the season of the year when not needed for purposes of irrigation, which, with a proper system of reservoirs, could be saved and utilized, and would thereby greatly add to the wealth and prosperity of said region; and

Whereas; large quantities of the waters of said river which have for many years been appropriated and used by the citizens residing in the valley thereof, South of Albuquerque, for purposes of irrigation, and upon the continual use of which depends the life and prosperity of the community, has been wrongfully appropriated and diverted to other uses by the residents near the headwaters of said stream, in Colorado, thus causing a water famine in the lower valley, which from year to year grows greater, until the agricultural interests are in imminent danger of destruction unless such diversion be checked;

Now therefore, for the purpose of counselling together, and devising ways and means to stop such unlawful uses and diversion of the waters of the Rio Grande, and of storing and preserving in reservoirs the spring and storm waters that now go to waste annually, and of discussing and considering all important questions relating to irrigation laws, irrigation securities, irrigation methods, and to devise and agree upon some general and concert

plans of action looking to the development of the agricultural, viticultural, and horticultural resources of such region by saving and utilizing the waters thereof, a mass convention of the citizens residing in said portion of said States and Territories is hereby called to meet at Deming, in the Territory of New Mexico, on Tuesday, November the 7th, 1893, and subsequent days.

All persons resident within said portion of said States and Territories are respectfully requested to attend and participate in the deliberations of said convention, and all counties, municipal corporations, irrigation, acequia and canal corporations, boards of trade, and chambers of commerce are invited to send delegates thereto.

Whereas; One Candelario Martinez was, at the February term of the United States District Court of the Territory of New Mexico, in the year 1893, sitting for the trial of causes arising under the laws of the United States at Santa Fe, New Mexico, tried and convicted of the crime of Adultery, and sentenced to imprisonment for the period of three years, and

1893.

Whereas; It appears he was convicted upon the testimony of a single witness whose character, since the date of the conviction, has been proven to be unworthy of confidence, and

Whereas; An application has been made to the President of the United States for the pardon of said Martinez, and

Whereas; The Honorable E. P. Seeds, the judge of the said District Court, sitting in the trial of said cause, certifies that if this testimony as to the character of the girl had been before the jury, I am certain they would not have found him guilty, and if they had, I would have felt it my duty to set the verdict aside. I am therefore forced to ask that you exercise your Executive clemency in this case, and grant Mr. Martinez a pardon."

Now Therefore, I, W. T. Thornton, Governor of the Territory of New Mexico, do hereby grant a respite to the said Candelario Martinez for the offense for which he has been convicted, until such time as the President may have acted upon his application for pardon, and the Superintendent of the Penitentiary of Santa Fe, New Mexico, is hereby authorized to discharge said Martinez from custody, upon his executing a satisfactory bond to the United States in the sum of one thousand dollars, to be void if the said Martinez shall deliver himself into the custody of said Superintendent within ten days after his application for pardon shall be denied, provided it is denied.

Whereas; Upon an appeal of said cause to the Supreme Court of the Territory, the same was heard and determined in the said Supreme Court and the judgment of the Court below affirmed, and,

Whereas; The said J. Edward Priest is now and has been for a period of upwards of two months confined in the County Jail of said County of Bernalillo, under and by virtue of said sentence, as aforesaid, and,

Whereas; I am of the opinion, from a careful reading of all the testimony in the case, that the punishment imposed upon said Priest, by the said District Court, was, in a measure, too severe, and believing that the term of imprisonment already served by him in said jail, for said offence, is ample punishment, and being creditably informed that said Priest is without means to pay said fine, Now Therefore,

I, W. T. Thornton, Governor of the Territory of New Mexico, by virtue of the power and authority in me vested, do grant a full and complete pardon to said J. Edward Priest, for said offence, and hereby relieve him from the payment of said fine or costs or the service of any further penalty exacted.

In Witness Whereof I have hereto set my hand and caused the great Seal of the Territory to be affixed Hereto, at Santa Fe, the Capital of the Territory of New Mexico, this 19 day of October A.D. 1893. W. T. Thornton

Now therefore I, William T. Thanksgiving Proclamation...

Territory of New Mexico. Executive Office,
Santa Fe, N. Mex.

INDEXED.

In grateful recognition of the beneficent kindness of an All Wise and Ever living Creator, praise and Thanksgivings are eminently due for another year of bounteous plenty, for copious rains that have again covered our mountains, valleys, and fertile plains with an abundant supply of nutritious food, giving to the farmer a generous harvest, to the horticulturist and viticulturist, orchards and vineyards filled with the most delicious fruit; for a most salubrious climate, the brightest of sunshine and health-giving breezes, bringing a renewal of health to the sick, sheltering our people from the ravages of storms, the blight of disease, ~~and~~ the direful maladies of other climes, and for many and varied other blessings bestowed by His kindly and merciful providence.

Recognizing this great debt of gratitude, and in compliance with the time-honored custom of our Christian people, and the recommendation of the President of the United States, I, W. T. Thornton, Governor of the Territory of New Mexico, do designate and appoint

Thursday, the 30th day of November, 1893,

In the matter of the Territory of New Mexico against Bonifacio Barron, Collector of the County of Taos, to the charge of being a defaulter to the said County and Territory of New Mexico;

This case came on to be heard, after having given defendant due notice, and he appeared in person and by George W. Knaebel, as his attorney in fact, and the accounts between the said collector and the County commissioners of Taos County having been fully examined, it is found according to the settlements of the said Bonifacio Barron with the county commissioners, that on the 31st day of December, A. D. 1895, it appears that the said collector of Taos County is indebted to the County and Territory by his own showing, in the sum of $900.00, not including poll taxes and licenses, the exact amount of which collections were not shown.

It appears that against the indebtedness of

collector has undertaken to offset an account of $456.00 paid for publishing the delinquent tax list without instructions from the county commissioners, and the sum of $150.00 for house rent. Neither of these items are legal offsets; publishing delinquent tax lists should be paid by parties owing the taxes in default to be arranged with the county commissioners, certainly not by the collector. It is also the duty of the county commissioners to secure and arrange for an office for the treasurer, and the two items mentioned are therefore disallowed.

It further appearing that the said Bonifacio Baron, has not attempted to make any settlement of his collections during the month of January last said to amount to Serval hundred dollars, I find him, the said Baron guilty of the charge of being in default to the County of Taos, and under and in pursuance of the Statute in such cases made and provided, I do hereby remove him from the office of Collector of the County of Taos, and declare such office vacant until his successor is appointed and qualified, and the said Bonifacio Baron is hereby ordered and directed to turn over to the County Commissioners of Taos County, all collections, books and money which he reports to have on hand, and in the hands of his deputies, as belonging to the County of Taos.

In the matter of the Territory of New Mexico versus George Sena, Sheriff of Lincoln County on the charge of being a defaulter to the County and Territory.

The case coming on to be heard and the County Commissioners failing to appear or produce any evidence in the case, I am compelled to take the statement of the Sheriff who admits an indebtedness to the Territory of Five Thousand and Forty Dollars ($5040.00) but denies any indebtedness to the County of Lincoln, and in consideration of the Sheriff's paying to the Territorial Treasury this day, the sum of $2800, and assigning to Marcelino Garcia as Trustee to secure any indebtedness due the Territory and County, the sum of $1237.00 of approved accounts against the Court fund of Lincoln County, $719 of approved accounts for feeding prisoners, and $356 for the transportation of prisoners, and $1488.00 due from the Territory as rebates, the case is continued until the first Tuesday after the first Monday in April, 1896, the said Sheriff being required to appear before the County Commissioners of Lincoln County upon Wednesday the 25th day of March, 1896 and make a full ac-

Santa Fe, New Mexico, Feb. 19th 1897

In the matter of the application of Francisco Gonzales y Borrego, Antonio Gonzales y Borrego, Luciano Abeita and Patricio Valencia for Commutation of Sentence.

A petition signed by several hundred persons has been presented to me, praying that the sentence of death by hanging pronounced against the above named defendants for the murder of Francisco Chavez, be commuted to imprisonment for life.

This petition is based entirely upon the plea of mercy. Neither the petitioners, or the Attorney for the defense, in his argument pretend that there is any doubt in the guilt of the defendants or the justice of the verdict and judgment pronounced against them. In fact, no such plea could be made, as at least two of the defendants openly acknowledge the guilt of all, and have repeatedly detailed the circumstances of the commission of the crime to the officers of the law, and their friends.

The question then resolves itself into the plain proposition of extending executive clemency, based upon the plea of mercy to the convicted, and their unfortunate distressed families.

In deciding this question, I feel that it is my duty to act simply as the representative of the people, at large, as an executive, authorized to see that laws, once enacted are enforced; that the peaceful and law abiding classes are protected from the outrages and crimes of the law breakers.

Should I act the question from the point of view as to what will be the effect upon society, if the commutation of sentence is granted; whether it may be done without giving to good Government, or would result in encouraging the criminal classes to continue their lawlessness, and add to the commission of crime. The situation becomes grave and serious one. To determine this, let us briefly review the cases;

The evidence introduced, before the trial, proved beyond question of doubt, that nearly two years prior to the

1891

Jennings of Chaves, these defendants entered into a conspiracy for that purpose, laying out their plans with premeditation, deliberation, selecting the place where the assassination should occur, and successfully changing the locality selected, from the Court-house, to the place where Chaves was murdered; that they laid in wait under the bridge near the Guadalupe Church, night after night, for almost six weeks, awaiting for their victim, and finally they shot him dead at night, while he was quietly and peaceably returning to his home, without warning — giving him no opportunity to defend himself. That afterwards when they were tried and convicted, they were defended by the ablest counsel in the Territory; that the judgment of the court was reviewed by the Supreme Court of the Territory, and affirmed; and that the case was finally carried to the Supreme Court of the United States by a Writ of Habeas Corpus, and again reviewed and affirmed.

The crime was so deliberate, cruel and cold blooded, that it excited the attention of the entire Territory and the country at large. The trial consumed nearly four years, was strongly and ably contested at every step, at a cost of much labor and large sums of money by the Territory, and this no doubt, as to the correctness and fairness of the final determination. It was without doubt a deliberately planned and successfully executed cold blooded assassination, committed after long and mature deliberation.

However these circumstances are well known and established, I believe that any interference with the decree of the Court in any part, would be an abuse of executive power, that could only result in public calamity, delay the ordeals of Justice and encourage the commission of crime.

It is time that the criminal classes of this Territory should learn that men who deliberately defy the law, deliberately plan, and successfully execute crimes, that they must expect the law to be meted out to them to its fullest extent; that they should expect no more mercy than they extended to their victims. When criminals can learn that the law at their peril, that justice will surely overtake them; that the majesty of the law can and will be upheld, and enforced, crime will become less frequent, life and property will be safer; good order and civilization will prevail.

1897

For these reasons, I decline to interfere in this case, but should let justice take its course.
